

St. Cecilia Catholic School New Student Referral Program

We appreciate parents in our community who help St. Cecilia School by referring their friends, families, and neighbors to our school. We want to show our appreciation to these parents through our New Student Referral Program. Your family can receive a \$300 tuition discount for referring a new student to St. Cecilia Catholic School.

Here's how it works:

1. Who can participate?

Any family who currently has a student enrolled at St. Cecilia School can participate in this program.

2. How do you receive the \$300 tuition discount?

To receive the discount, you must spread the word about St. Cecilia School to your neighbors, friends, and co-workers. Tell them what you love about St. Cecilia School and encourage them to reach out to our Admissions Office. If any student that you refer to us completes our admissions process, is accepted to our school, and attends our school for five months you will then receive a \$300 discount!

3. How many times can a family receive a \$300 discount?

We limit the number of discounts to one per academic year for each family.

4. Can I apply the \$300 discount to any fee's or other charges from the school?

No, the discount awarded from the Incentive program can only be applied to tuition. It is non-transferable and cannot be applied to any other fees or charges you accrue throughout the school year.

5. Can a sibling of a current student be considered as a “referred student” for the purposes of receiving the discount.

No, siblings of current students cannot be considered as a “referred student” for the purpose of receiving the discount.

6. When will we receive our \$300 tuition discount?

You will receive a \$300 discount on your last tuition payment for the academic year that the referred student was accepted and attended school. The referral discount is only applied once for each academic year. You will not receive the discount each year that the referred student attends SCS.

7. How will the school know that I have referred a student?

The school has added a question on our online application asking the applicant if they were referred to the school by a current family. The applicant should note who referred them on the application.
